Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative has given clarification on the dynamic type aspect of the application with emphasis of the access control being different from known access control seen in conventional Object Oriented languages. Examiner suggested that the claim has to put forth the relationship between the dynamic typed limitation and the access control being implemented to all members of the dynamic typed language. The purpose is to present with teachings right from the claim showing how the access control thus implemented would enable the dynamic type binding part of the invention to be a improvement over existing prior art, the assessment on patentability of the claimed features necessarily pending some search or statutory compliance analysis performed by the Office..
